Waking Skies At Sunrise, Ev'ry

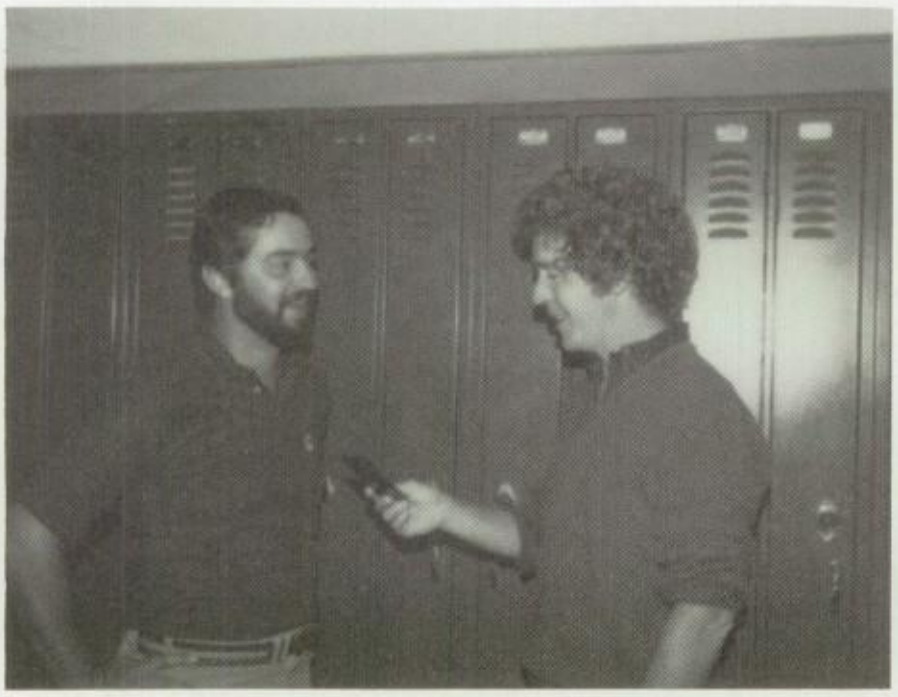
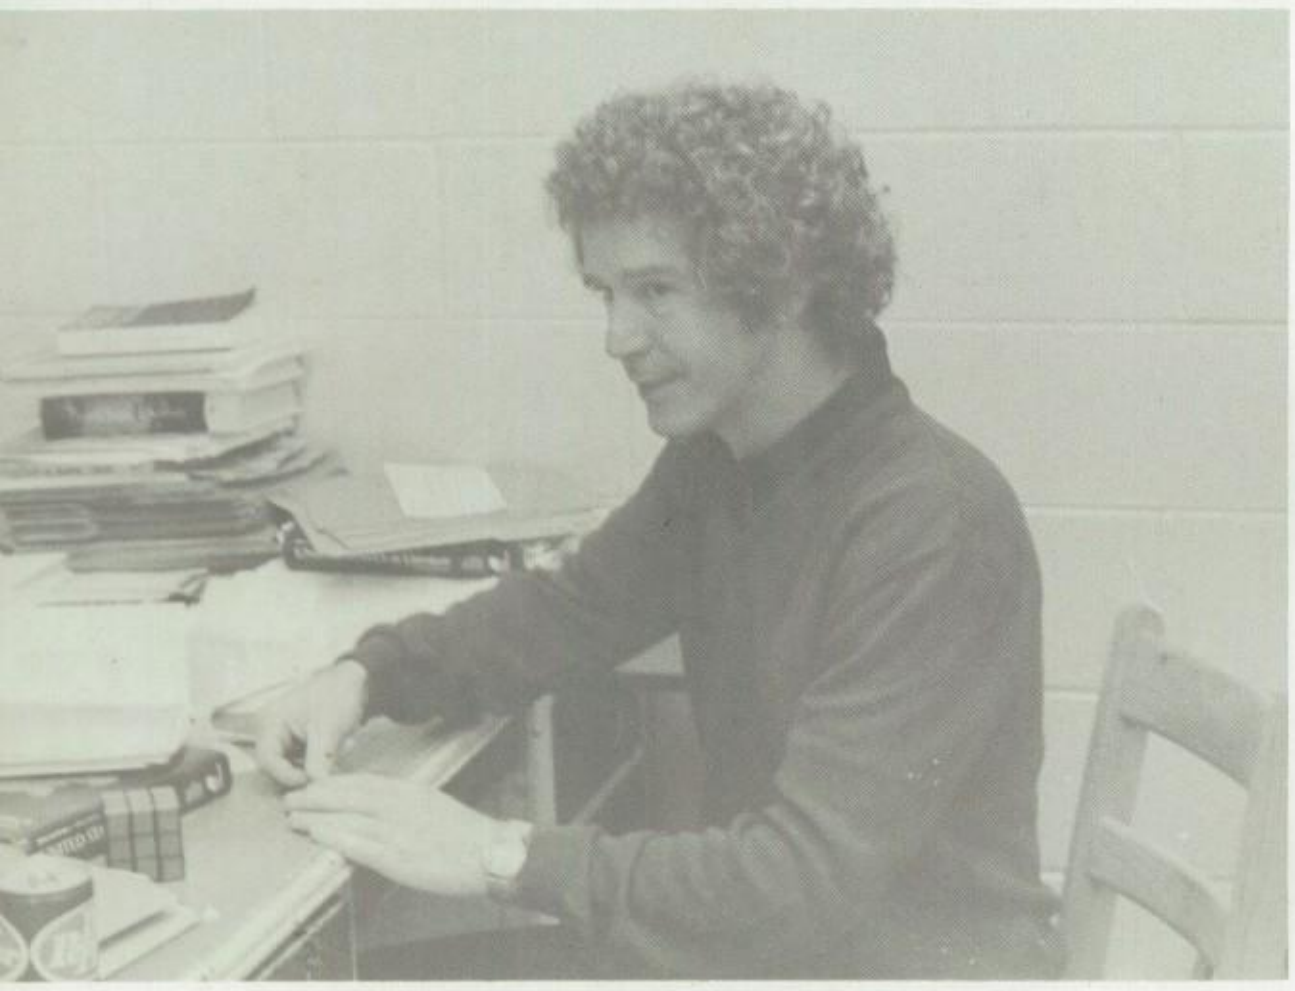
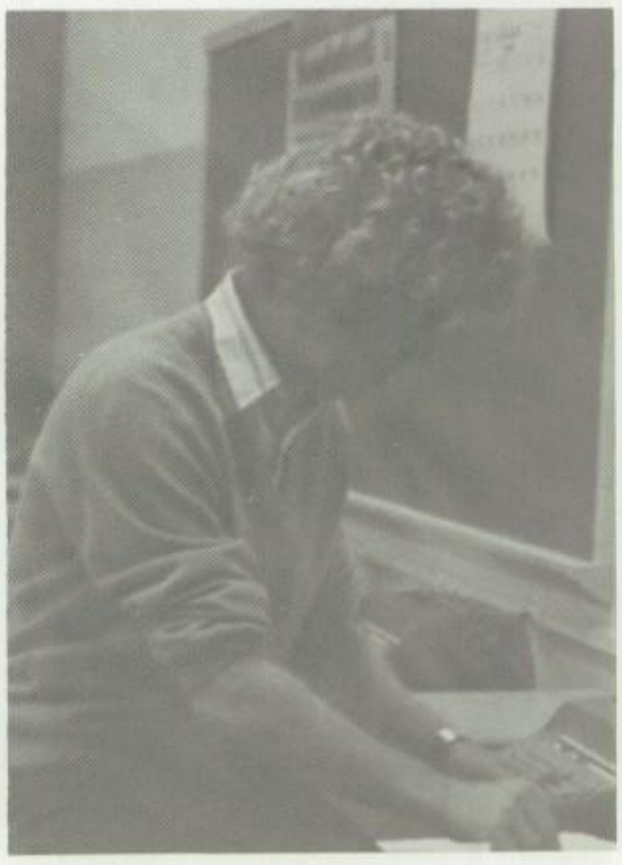
Seems To Be Bringing Me Memories
Of You

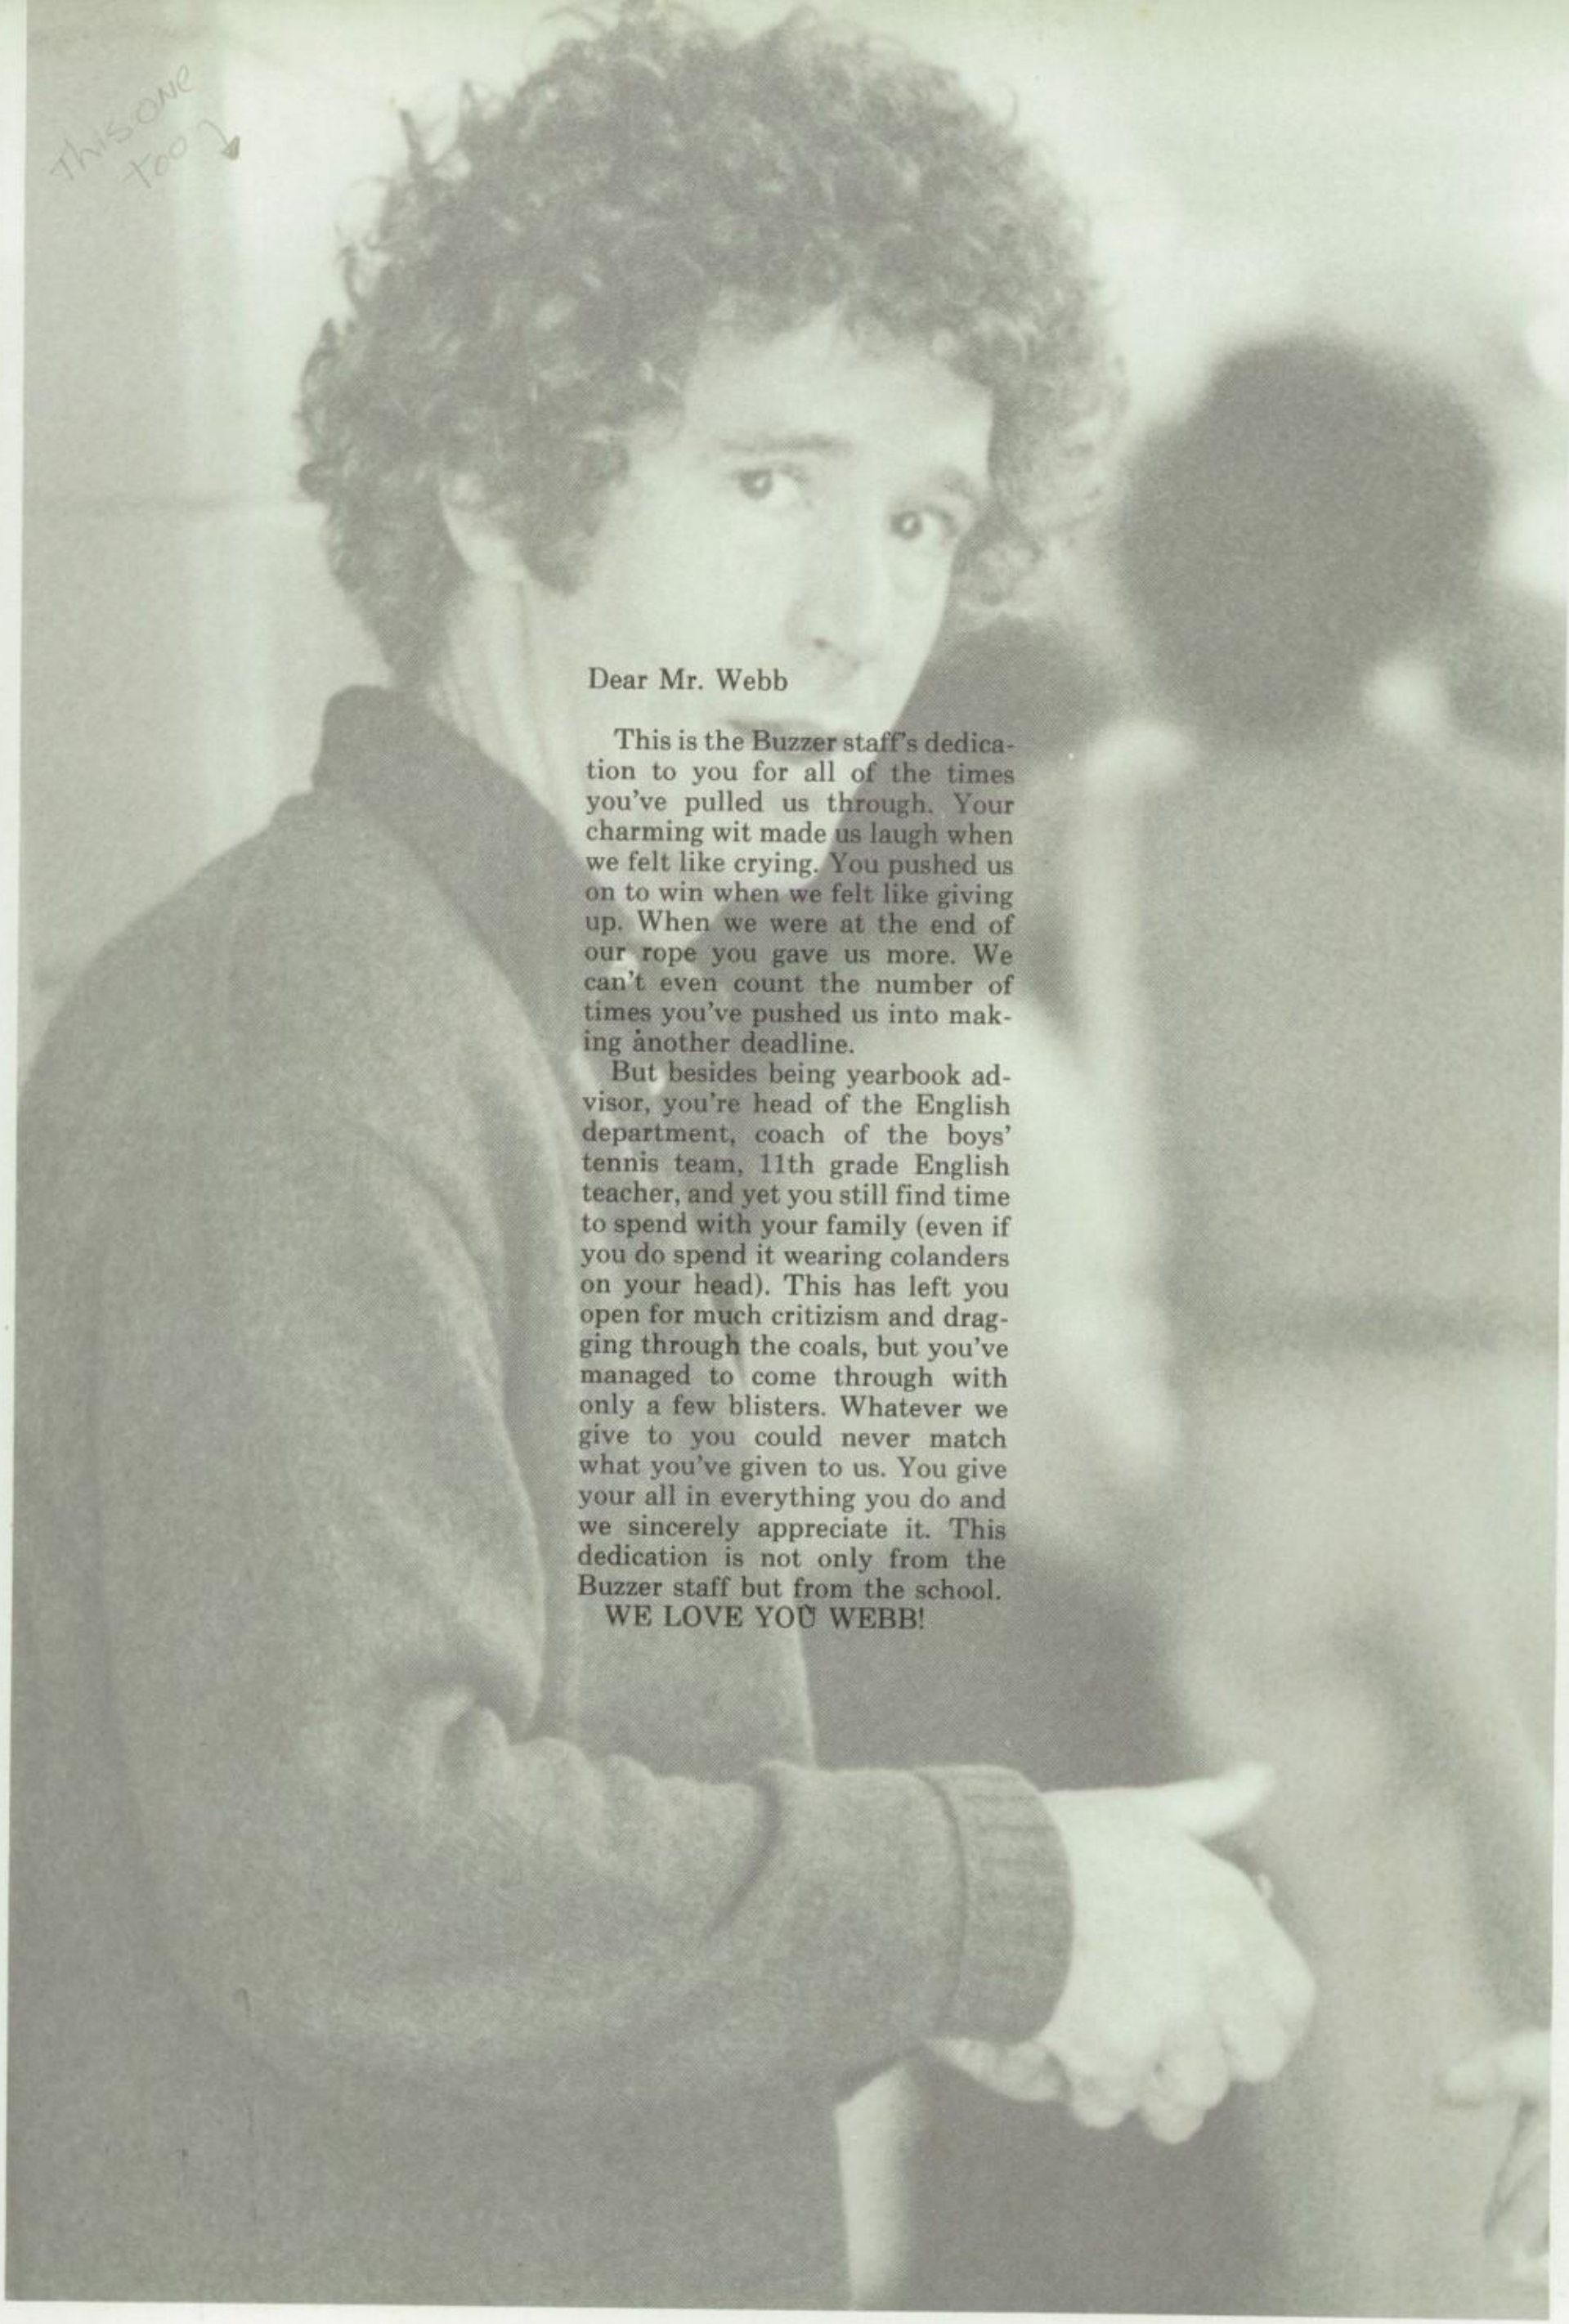
The Many Faces Of Webb



I took that one!







Dear Mr. Webb

This is the Buzzer staff's dedication to you for all of the times you've pulled us through. Your charming wit made us laugh when we felt like crying. You pushed us on to win when we felt like giving up. When we were at the end of our rope you gave us more. We can't even count the number of times you've pushed us into making another deadline.

But besides being yearbook advisor, you're head of the English department, coach of the boys' tennis team, 11th grade English teacher, and yet you still find time to spend with your family (even if you do spend it wearing colanders on your head). This has left you open for much critizism and dragging through the coals, but you've managed to come through with only a few blisters. Whatever we give to you could never match what you've given to us. You give your all in everything you do and we sincerely appreciate it. This dedication is not only from the Buzzer staff but from the school.

WE LOVE YOU WEBB!

We the Freshman class began this year not really knowing what to expect. After that first terrifying day, we settled into the routine that will become a big part of the next four years of our lives.

We look forward to the future here at Brookville High School, and hope that we can have as much fun and accomplish as much as the upperclassmen seem to have had. In 1985 I am sure we will look back to our Freshman year and think that it was the beginning of a great experience.

Iola Mott — Punker

Brookville is once again (graced) with another member of the Mott clan — Iola Mott. To follow in her family's footsteps Iola thought she would try out for as many school activities as possible. She made the majorette squad, but was forced to quit after she burned off half her hair, the right hand side of the northern goal post, and all the grass on the football field while practicing the flamming baton routine. Luckily, Iola didn't lose her confidence and she tried out for the J.V. basketball cheerleading squad. Unfortunately she didn't make it because looking the way she did after "the accident" they didn't feel a punk cheerleader would represent the school character very well.

We're half way to graduation! We, as sophomores have completed half of our high school career. We have accepted new challenges and are willing to accept even more. We have achieved the status of being a total part of Brookville High as we participate in school activities and curricula. In our remaining two years we anticipate our very own Ring Dance, varsity sports, clubs, drama, band, and social events — and better grades!

The class of 1983 has finally reached the status of "juniors". We have paid our dues, taken PSAT's and received our rings. Now, with all that behind us, we look to the future in anticipation. This year is full of promises: new friends, new teachers, new headaches, and new jokes and memories to share. Today is the start of our future, and for the class of '83 that future looks bright indeed! Remember, the best is yet to be.

Inga Mott As A Junior

The foreign member of the Mott family, Inga, had a most exciting Junior year. She went out for the Junior Powder-Puff team and became first string bench warmer. Inga took her given position very seriously. She practiced warming the bench at each practice and after much trial and error, she mastered the art. When finally the day of the game arrived, there was no bench for the players. Inga, being a Mott, was good natured about it. Inga warmed the ground for the players, and though the players took little notice of her efforts, she felt that she played an important role in the game.

Another surprise in Inga's Junior year came a week before the Ring Dance — she was asked to go to the dance. She was really excited and went hastily about making preparations. When her date came to pick her up the night of the dance he was surprised at her outfit but said nothing. Upon arrival, Inga burst into the ballroom and was met with yet another surprise. Everyone had on long dresses and formal attire and there stood Inga in her Pocahontas outfit all ready for the "Rain Dance". Poor Inga.

And when Leslie was bad, she was . . .!

Finally, after two years of enduring underclassmen jokes and restrictions, the Junior class achieves "Upperclasshood". Along with this "Upperclasshood" came added responsibility. Classes began to be a real challenge, gone were easy classes like gym and health. Another responsibility, involved juggling studies, practice, and job. It seemed as though things get more difficult with age, there just wasn't enough time to sit and waste time. Time is to precious now.

But, hey! there were good times as Juniors-Powder Puff, Ring Dance, and Junior/Senior Prom. Even the challenge of career and college choices. Juniors faced good times and trying times; excitement and disappointment; love and sorrow. But it's all a part of growing up, and reaching "Upperclasshood" was only a beginning.

CLUBS

LaConnexion Français

This year's French Club came alive! Mon Dieu how they grew! A new image and a new name was given the club, La Connexion Francais. The club decided to combine business with pleasure this year by learning something about the French culture every time they met. It turned out to be a great experience.

!Viva España!

The 81-82 Spanish club met one night a month unlike most clubs at B.H.S. They got a taste of Spanish and Mexican culture along with a Spanish meal. The "Dia De Los Muertos" or Halloween activity was a smash with the costume and gravestone contest and the breaking of the pinata. They went Christmas caroling, singing, "Cascabeles" and "Noche Sagrada". They participated in a volleyball game against another high school Spanish club successfully. President, Tracy Davis; Vice-President/Program Chairman, Kris Ardizzone; and Secretary/Treasurer, Ellen Sun, made this year's Spanish club a big success.

Computer Club

The Computer Club just completed it's third year at BHS with a membership made up of students who have completed Algebra 1. The enthusiastic members meet as an A club and also one night each month at school. Computer game playing was the most popular activity at the meetings but several speakers came to talk about computer technology. Some members even learned to program the microcomputers themselves. In spite of being a fairly new club, it became one of the most popular clubs at Brookville.

The I.C.T. and V.I.C.A. Club is a service club dedicated to the well-being of others. Their many activities included sponsoring families at Thanksgiving and Christmas, giving donations to needy families in our community, volunteer fire departments, and volunteer rescue squads, and participating in District and State V.I.C.A. Contest and Convention. They also had an employer-employee banquet. To raise money for these events, the club held a raffle around Christmas, and sold candy. The members were: President — R. Parker, Vice-President — K. Martin, Secretary — L. Williams, Treasurer — N. Motley, Parl. — E. Witt, Reporter — I. Robertson, R. Farris, K. Hudson, T. Jordan, R. Staples, J. Beasley, T. Bosiger, D. Bower, D. Burnette, R. Gale, F. Houser, B. Mayhew, C. Ranalow, M. Rice, R. Simonton, K. Smith, G. Tomlinson, R. Williams, B. Wilson, J. Wooldridge, S. Bacon, T. Chu, J. Persinger, S. Sanders, T. Edwards, K. Coleman, T. Hartless, B. Payne, L. Phelps, S. Smith, and D. Stratton. The sponsor was Mr. McKenna.

Band

The band club is headed up by President Greg Key, Vice President Bryan Simpson, Secretary-Treasurer Jack Howard, and Reporter Rodney Key. Their sponsor is Mr. Kelly Shoemaker.

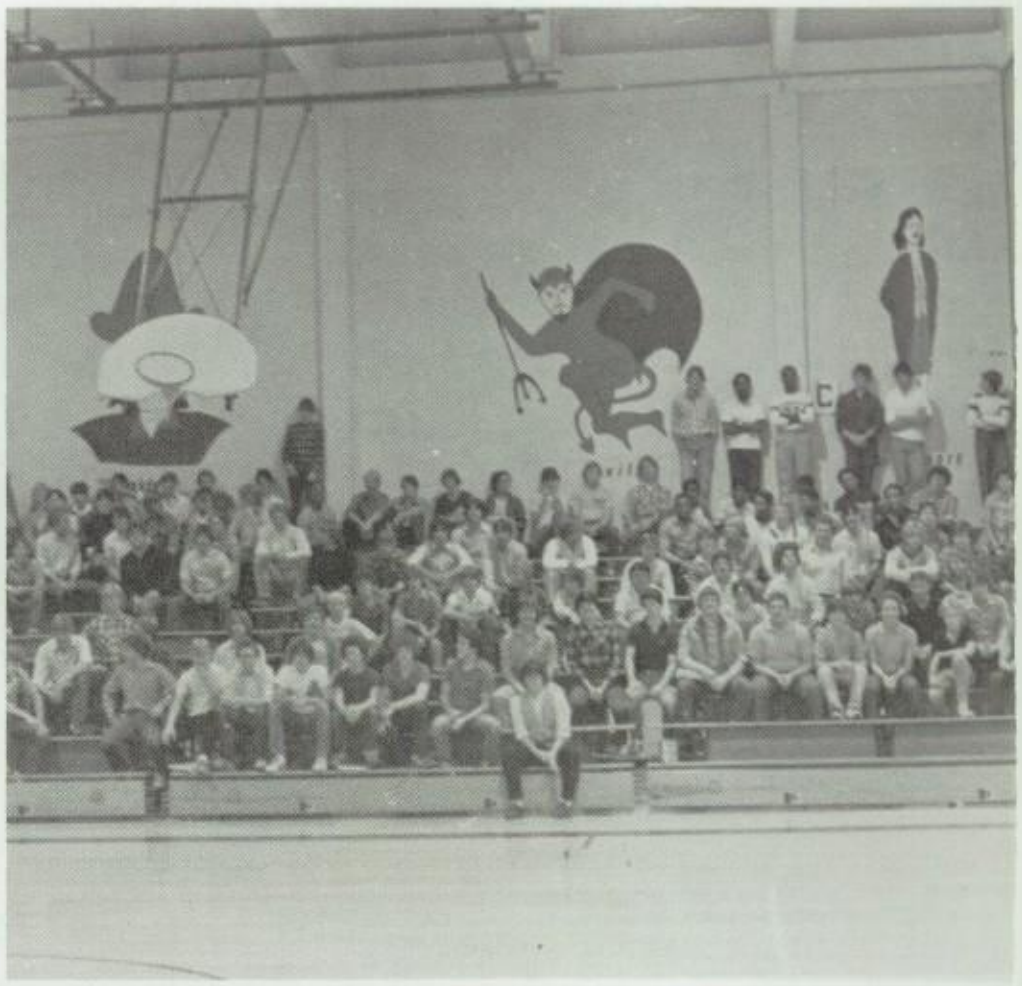
One of the major projects undertaken by the band club was their annual Haunted House. Their hard work and efforts were appreciated by everyone who attended the suspenseful event. They earned approximately $1,300 which was set aside to be "blown" on new instruments and possibly a spring competition. This as well as other fund raising activities helped the band club have one of it's most productive, and active years.

Forensics

It took real guts to get up in front of a large group of people and speak. It seemed practically impossible for most of them to say anything without stuttering or having their knees start shaking. The Forensics team was a select group of those people that had guts as well as good speaking voices. They trained and worked hard to pronounce words correctly, and put feeling into them at the same time.

The Forensics team competed in various competitions throughout the area. There were many different catagories to compete in, such as prose, poetry, after dinner speaking, and many other choices.

Weightlifting



The Weightlifting Club was a club at Brookville High School where people met and discussed new ways and techniques to improve their bodies and their minds. Since mental and physical fitness can be obtained through weightlifting this club is a great help to all people.

The club was opened to football players, wrestlers, baseball players, track runners and many other types of athletes. The club was designed to interest more people to lift weights in the club.

The club also raises money to buy new and better equipment for the future weightlifters of Brookville.

Varsity

The Varsity Club members consisted of athletes who have lettered in their sport or sports as the case may be. They also tried to get our fellow students interested in sports, they also helped in the spirit of other athletes that are layed up in the hospital while playing their sport. The guys in the club this year sent flowers to David Watts while he was recovering in the hospital. The Varsity Club has been a tremendous help in school spirit this year; they have really gotten the morale to the students — and where it should be right back in Brookville. Members of the club are: Lin Leftwich, Bruce Oulds, Barry W. Tuggle, Scott Wilkerson, Tom Heller, Chip Mayer, Everett Beach, Bo Cothran, Todd Robertson, Harry Scott, George Morse, David French, Curtis Turner, and Robert Escobedo.

Grappelettes

Promoting spirit for the wrestlers was just one of the many activities the grappelettes did to support their team. The girls have gave out oranges and towels to the wrestlers at each of the matches. They learned how to keep score, punch points and keep time for the matches. Fund raising activities were bake sales at school and at the matches. A stained glass lamp was raffled off by them also. All in all the year turned out to be a lot of hard work but a lot of fun.

Distance Runners

The Distance runner's club supports the Cross Country team. They held fund rising events, to earn money to buy new uniforms and sweatsuits. They held a 24 hour run and also they made the programs for the wresters to be sold during the meets. An unknown source said, "All you do in the Distances runner's club is sit there," the source gave the club a new name" "Mr. Fielding's joke and laugh club."

"What happened?" exclaims Kenny Spain.

"When I think back to last year's football season, I don't know what to say. I really miss all those Friday night games. I remember ... how great this year was ... I can't believe how good our team was ... we actually won over half of our games ... the Bees really tried against their competitors ... can you believe the score at the Homecoming game? ... Brookville 50, Liberty 0! ... how about the players ... Greg French was a great quarterback ... it's a shame Robert Escobedo was out all season ... what about all those touchdowns David French made ... I didn't think Leon Watts could run that fast ... the coaches did a great job ... Mr. Martin, Mr. Ferguson, Mr. Garner, and Mr. Bailey really helped the boys ... during the summer I would see the boys practicing on the track field ... I bet practice was pretty tough ... sweating, running, catching, and tackling were all a part of what made the football team Brookville's best ... those were the good old days!"

Cheerleading . . . Those Were The Days

CHEERLEADING ... Those Were The Days REMEMBER WHEN ...

... we spent a week at cheerleading camp and won first place in Varsity Competition.

... we arrived at camp a day early.

... we had a bonfire and Bo Cothran led us in a "Breakdown" cheer.

... we accidently dropped Norma attempting a stunt.

... we stayed after school to paint posters and hang them in the halls.

... we organized both JV and Varsity routines for the pep rallies.

... we came to school at 9:00 a.m. on a Saturday to decorate the cafeteria for the Homecoming Dance.

... we set up car washes and no one came.

... we came early to every Friday night game to sell programs.

... we sold candy to the student body. REMEMBER WHEN ...

"Remember way back when . . ."

"The Dark Ages?"
"Will you leave me alone! You are ruining my article. Remember . . ."
"How about Columbus' discovery of the New World? The Civil War? WWII? Watergate?"
"I'm talking about last year's Junior Varsity Football Team."
"Why didn't you say so?"
"I've been trying!"
"Oh, by all means continue."
"Thanks! Remember . . . ."
"Excuse me but . . ."
"Not again!"
"I was just leaving and wanted to say goodbye."
"Goodbye! Remember way back when in the good old days? Coaches Allamong and Plum conducted those long hard practices which conditioned our young men into a super team. The J.V.s tried their hardest against their many competitors. The victories they had combined with the losses they had made their year a very profitable learning experience. With many new players joining and old players leaving, the team had to adjust. But overall each player was working out on the field, not for personal recognition, but for team recognition. During a game there was not eleven players on the field but a team. Together they faced their opponents, worked out at practice and earned the rank of a mighty Brookville Bee."
"That's pretty good."
"I thought you left."
"I came back."
"I noticed. Will you please leave?"
"I just want to say . . . those were the good old days!"

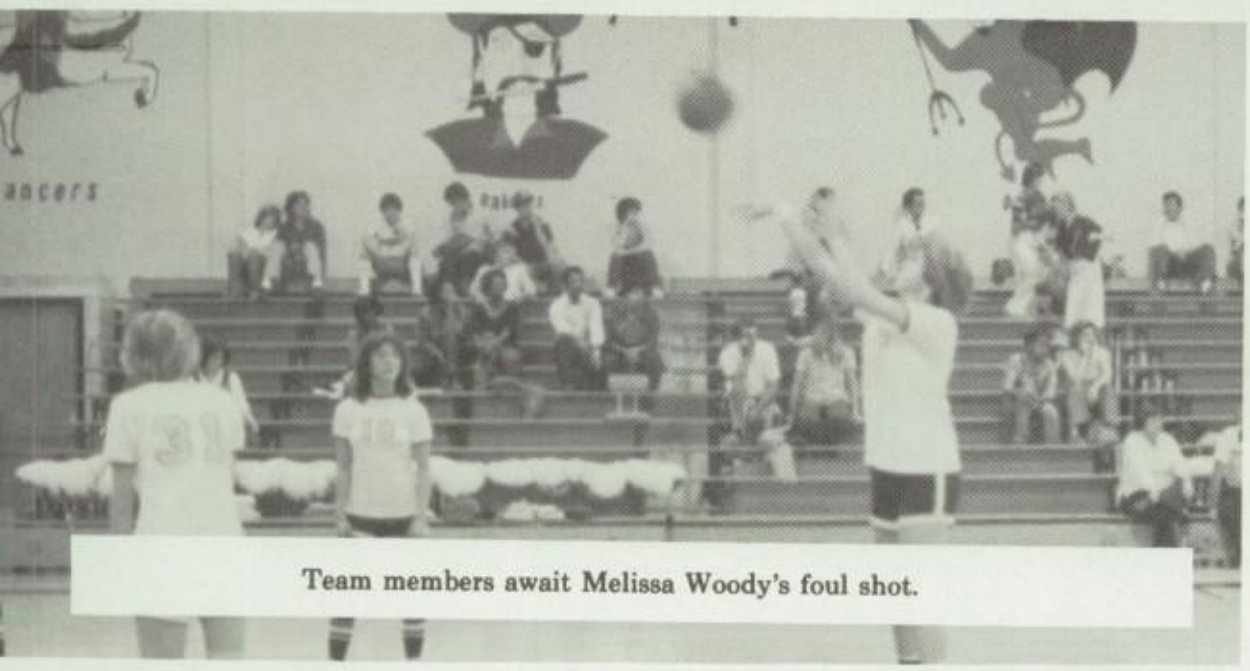
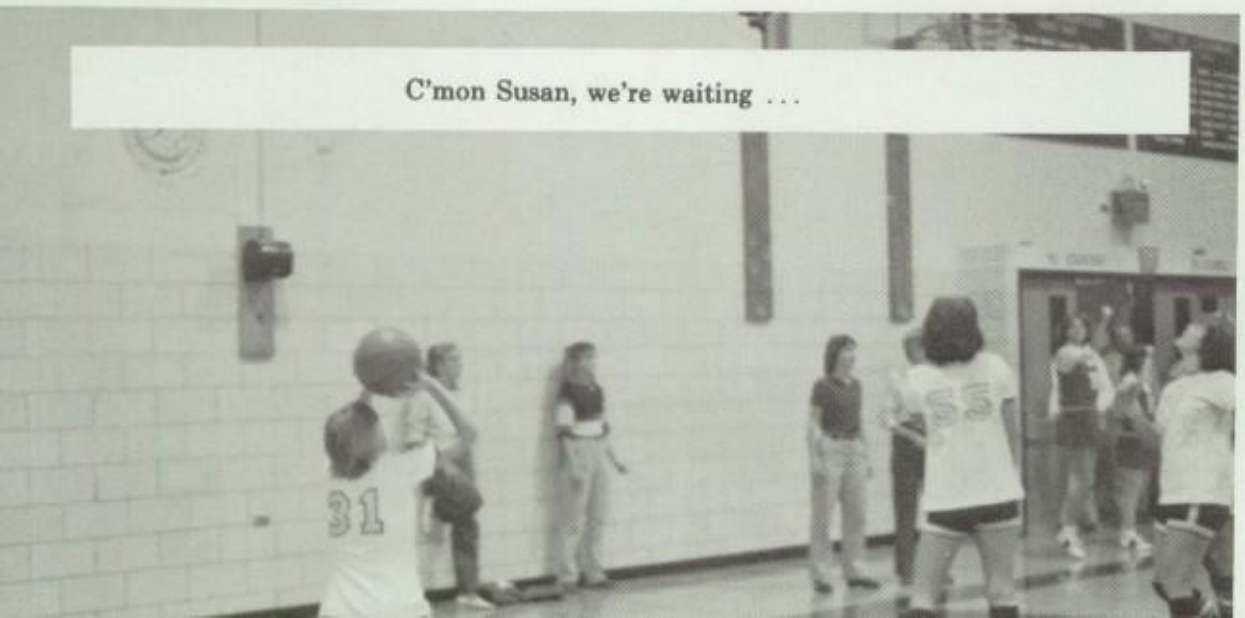
Leap, Melissa, leap!

Pam Ayer watches as the ball swishes through the hoop.



Team members await Melissa Woody's foul shot.



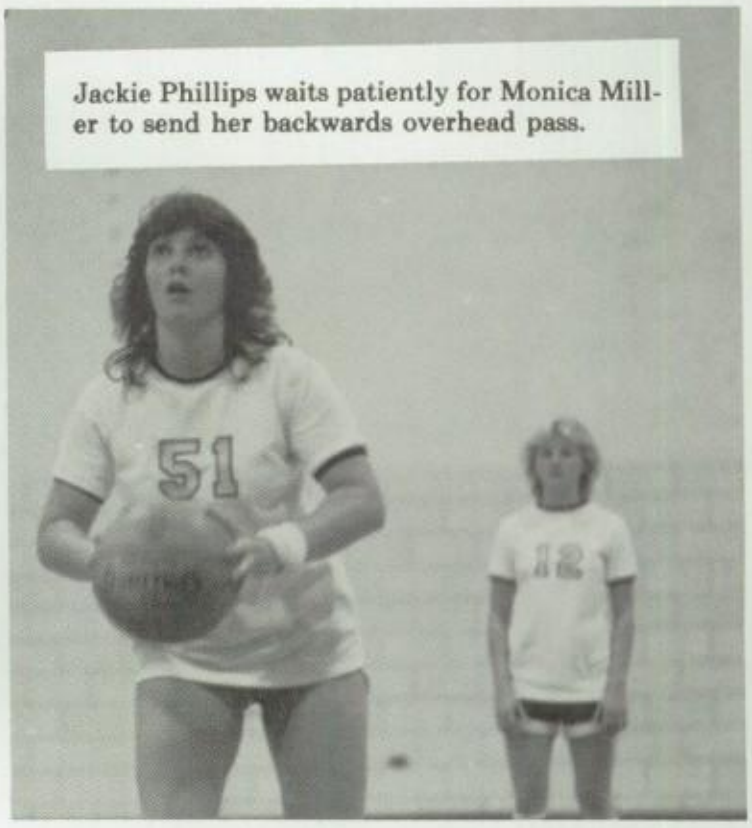
C'mon Susan, we're waiting . . .

Fired up and ready! That's our Queen Bees! This year the team consisted of two seniors, one junior, six sophomores, and one freshman — including one returning starter, senior Laurie Guthrie. Because of the fact that the team was so "new", there was the disadvantage of lack of experience which resulted as a small amount of wins. The team was very disappointed, but being the Brookville Bees they were, they didn't give up and fought with all their might. There were complications, but the girls came through.

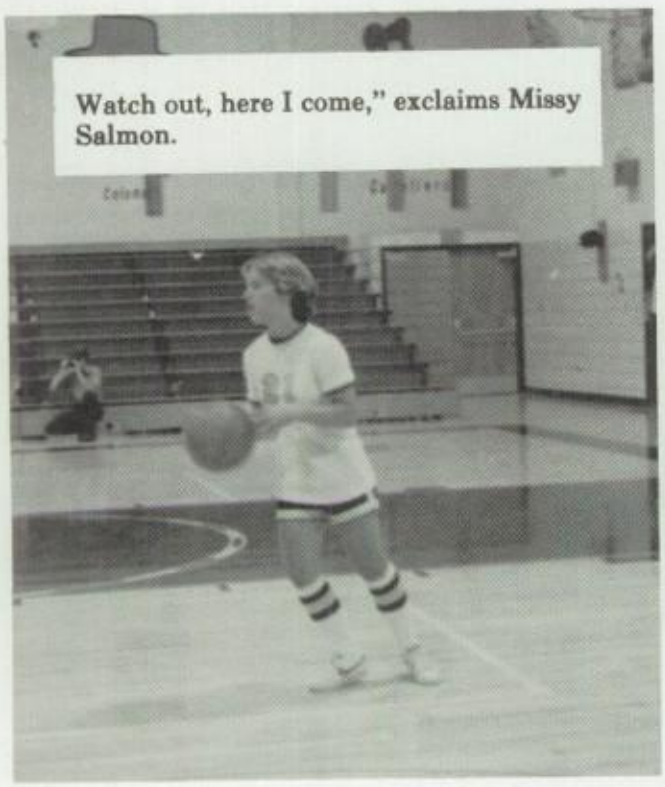
Six team members — Kim Hall, Melissa Woody, Pam Ayer, Vicki Casto, Susan Davis, and Julie Goddard attended Lexington Basketball Camp and were voted "Most Improved Team". The victories for the team may have been few, but as we look back we see ten great winners!

Bright Eyed And Bushy Tailed

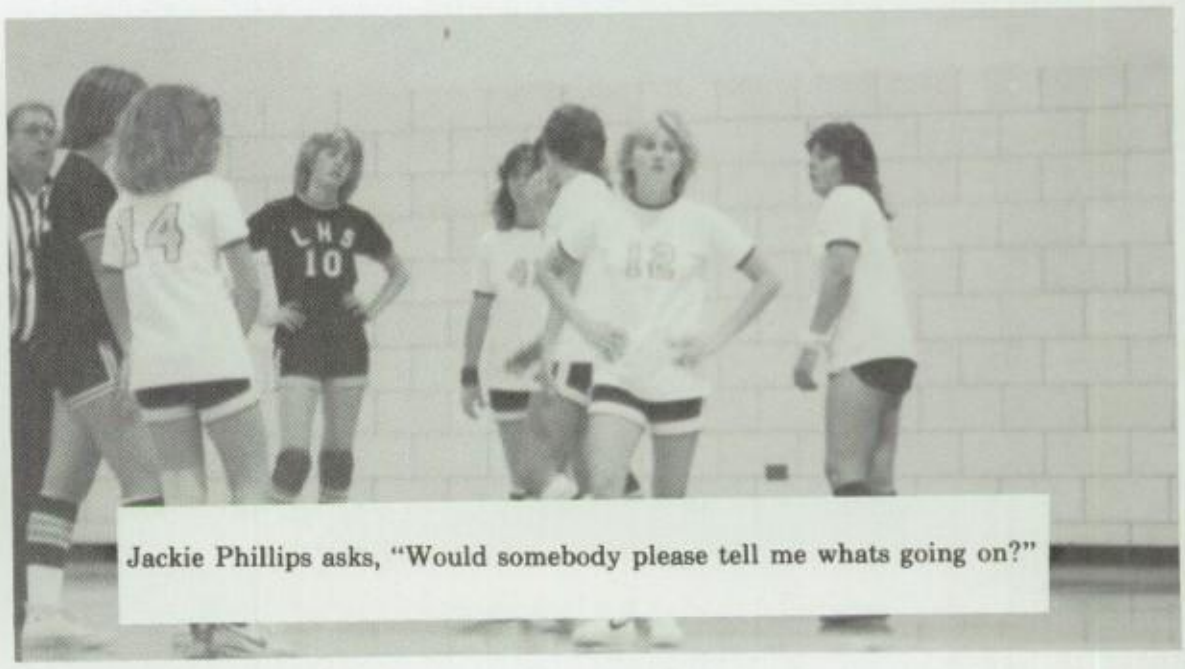
Coach Spencer gives instructions for the attack.



Jackie Phillips waits patiently for Monica Miller to send her backwards overhead pass.



Watch out, here I come," exclaims Missy Salmon.



Jackie Phillips asks, "Would somebody please tell me whats going on?"

Determination and spirit is what kept the bright eyed and bushy tailed girls on the move. Led by Coach Spencer their first year was filled with hard work and great enthusiasm. This being their first year they played well and as for having such a small amount of skill they accomplished many goals. Co-Captains, Missy Salmon and Kristie Purvis, boosted their team to a rewarding year. The feel of victory kept the girls striving for more although they were a new born team.

"JUMP BALL!"

J.V. Bees "Get Aggressive!"

The Junior Varsity Basketball team did not exactly go undefeated this year, but they had the enthusiasm and spirit of a championship team. With the leadership and discipline of Coach Dennis Plum the team managed to pull off three big victories. The team practiced everyday after school, which meant having to sacrifice much of their valuable time during the week, not to mention giving up their Friday nights to play.

The J.V. team did very well considering the team was made up mostly of first year players. The team gave it their all, and we should be proud of them.

Through the thrill of victory and the agony of defeat . . . they stood smiling. The rapid heartbeat, loss of voice, and the non-stop clapping of hands; all part of being a cheerleader. This is the way it was for the Basketball Cheerleaders. Any regrets? Not from this crazy bunch! They began in the summer and didn't stop until the winter. The girls attended camp, learned new cheers, sidelines, and stunts that contributed to their performance. They faced a new situation this year — cheering two seasons. Complaints? . . . not hardly, this just meant they had twice as much time to spread their spirit and show their pride for the Basketball teams of BHS.

Karen Johnson wonders why everyone isn't doing the same cheer as she is.

Larry Dobyns watches Laura Roakes perform an amazing stunt.

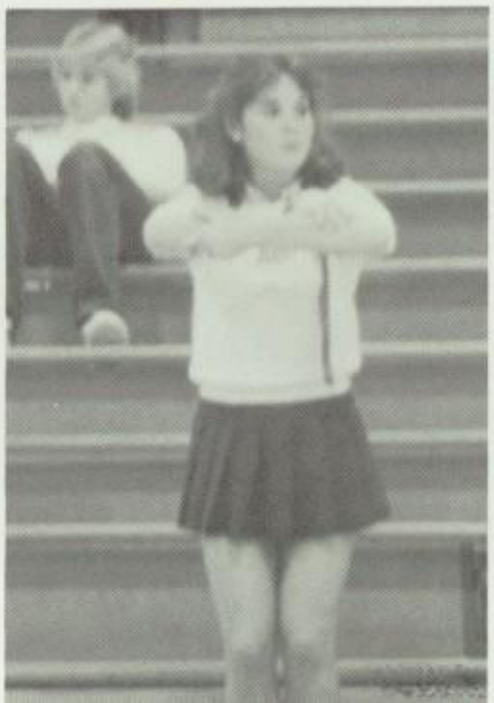
Brookville catches up on the latest gossip from Rustburg.

Those talented J.V.'s!

Bouncing with energy these girls kept the team reaching for more. The JV Cheerleaders went to camp and practiced all summer for the new fall season. Their cheers, sidelines, and dynamic stunts brightened the entire gym. They helped decorate the halls with signs and the players lockers with locker stickers. It took some doing, adjusting to the fact of cheering two seasons but like always, they came shining through. As we look back on good ole Basketball season we'll always remember the way they boosted the spirit of everyone around them.



Kristy Cundiff holds on tight!

Although the Varsity Basketball Team didn't have one of it's most impressive seasons this year, they deserved our gratitude as well as our recognition for the enthusiastic way they hung in there until the last second of the last game. The Mighty Varsity Bees were the perfect definition of the word "Sportsmanship". Even with a record of 2 and 14 not one of the team members got discouraged, or ever thought about leaving the team. S.C.A. President Greg Fairchild was quoted to have said "The Basketball Team desperately needed the support of the student body, and we didn't give them a fraction of the support necessary to make them a winning team. It seemed that after the first few losses, B.H.S. simply chose to ignore the fact that we even had a Basketball Team. Of course there were a few loyal fans that attended the games religiously, but the majority of the students never came to the first game!"

"It wasn't the Basketball Team that let B.H.S. down, it was B.H.S. that let them down!" said Varsity Basketball Cheerleader, Kristine Harper. Brookville excels in almost everything it does. With a little more work, and a lot more support, Basketball at B.H.S. can be great too!

Jubilantly, the girls run off the court after the first win of the season.

Jan Hammond and Ann Criste wonder how Sheila Criste expects to serve without a ball.

This year's volleyball team was made up of thirteen girls, with only four players returning from last year: Sheila Criste, Ann Criste, Jan Hammond, Laurie Dowling. The girls learned to play 'Power Volleyball,' which is much different from basic backyard or beach volleyball. In 'Power Volleyball' the girls find it necessary to wear knee pads, for many times the players must dive for the ball. In the gym during a match, yells of "bump," "set," "spike" and "mine" may be heard. These calls help the players to work together and to know whose hit is next. Even with all the hard work, bumps and bruises, the girls enjoy being on the team. The team members are not only 'teammates' but friends, which helps hold the team together. The 1981-82 Volleyball team is as follows: S. Criste, A. Criste, J. Hammond, L. Dowling, T. Marstiller, L. George, A. Laughlin, M. Miller, K. Marshall, K. Taylor, L. Proffitt, A. Pyecha, L. Lafferty.

Over Hill, Over Dale

The excellent coaching of Ed Fielding and management by Lauri Jackson made it possible for these runners to have a successful season. The efforts of both teams produced an outstanding performance during the meets.

They ran long hours and difficult courses. The Lynchburg College course has two tremendous hills, which all runners love, called Agony and Butt Buster. These hills require alot of endurance work. The courses were from 3.1 to 3.3 miles long. Many of the courses were long and hard but all the team members managed to finish the race.

After school, they would prepare to run the hard workouts. They worked out in the rain, sleet, and snow doing long distances and running hills. The bad weather didn't stop the Cross Country team from putting through another victory.

The team consists of Seniors Greg Fairchild, David Blythe, Mike Griffin, Russ Houston, and Gail Sinclair. Juniors Steve Choas, Tom Gee, Jack Bobbitt, Janet Davis, and Martha Early. Sophomores Ricky Skinner and Kim Zmudzinski. Freshmens Don Britt, David Lindsey, Tom Powers, Tamara Anderson, and Connie Hayner.

The Stars Strike Again

This year's Indoor Track team was off to a another successful season. These runners could be seen everyday running through the halls of BHS at 3:15. Alot of the runners run for different reasons: to stay in shape, for another sports, or just for fun.

This year the Indoor team doesn't have a Regional or State meet. They were invited to many places to run, from Tenn. to Maryland and they have also run on many of the college tracks. Most runners are upset about not having a Regional or State Meet this year.

Terrific Tumblers

Lisa Wilkerson soars over the uneven bars.

The 1981-1982 gymnastics team once again showed its dominance in spite of yet another tough start. Mr. and Mrs. Edwards plus the help of the new assistant coach Mrs. Donnelly aided the girls greatly. This year's senior Jan Hammond showed what she was made of by bringing in winning scores. Freshman, Lisa Wilkerson, was also a big contribution to the team. Both girls went to state competition in February. They placed fourth over all and Jan placed first in the floor exercise.

The team consisted of ninth graders: Stephanie Green, Teresa Robinson, Dreamma Williams, Nickie Watts, Lisa Wilkerson, tenth graders: Karen Barger, Tracey Lowery, eleventh graders: Gina Hershman, Ellen Sun, and twelfth graders: Jan Hammond, and Michelle Richardson.

Homecoming '81

That's me (again)

Endless Love

Cheering, yelling, screaming, and crazy people dressed in crazy outfits doing crazy things. Sound like a mental hospital? No! Just the seniors dominating the Homecoming Pep Rally. But all of the excitement wasn't before the game. The Bees blazed their opponents, the Liberty Minutemen, by a score of 50 to 0. The Homecoming Dance, which was held the night after the football game, was no different from any other dance but was still memorable. The students danced to the beat of Southwind til midnight. The 1981 Homecoming Court was, for the seniors, Queen Holly Ferguson escorted by Brian Kahat, Liz Zechini escorted by Greg Fairchild, and Jamie Walker escorted by Kris BeCraft; for the juniors, Pam Megginson escorted by Chris Viar; for the sophomores, Kim Hartless escorted by Brady Childress; and for the freshmen, Sherri Holland escorted by David Key.

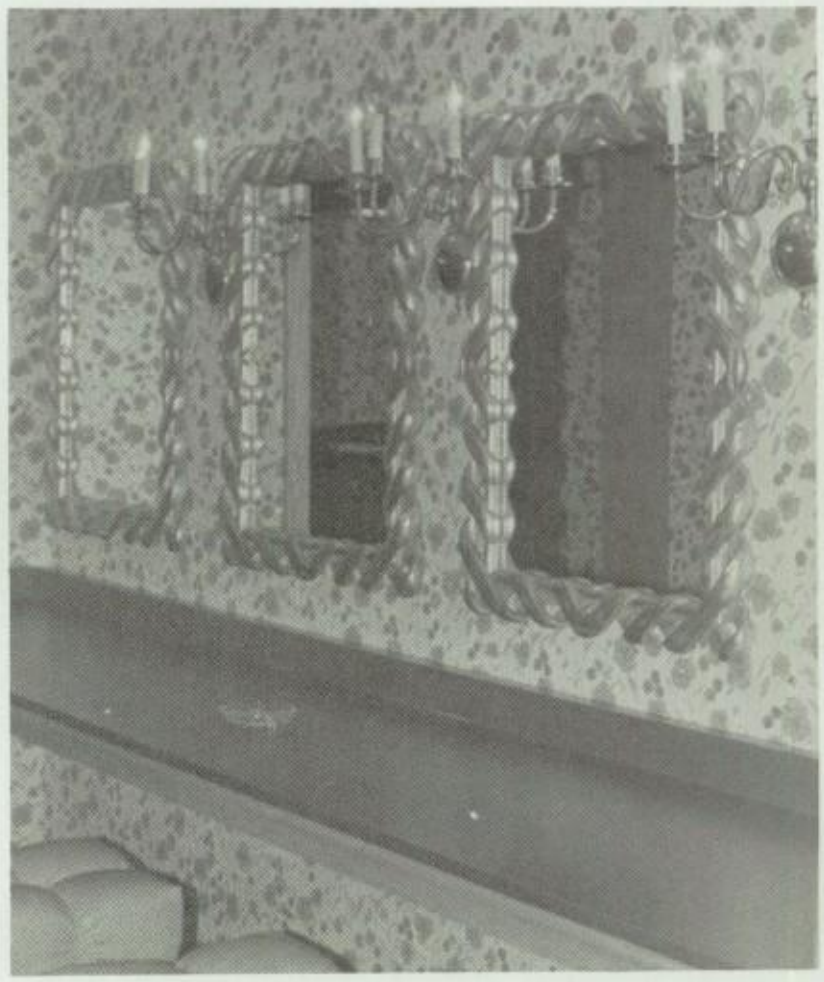
My love, there's only you in my life, the only thing that's right. My first love you're every breath that I take you're every step I make. And I want to share all my love with you, no one else will do. And your eyes they tell me how much you care, Oh yes, you will always be, my Endless Love.

Two hearts, two hearts that beat as one, our lives have just begun. Forever, I hold you close in my arms, I can't resist your charms. And love, I'd be a fool for you. I'm sure you know I don't mind. 'Cause you mean the world to me, Oh I know I found in you, my Endless Love.

And Yes, You'll be the only one, Oh no, I can't deny this love I have inside. And I'll give it all to you my love, My Endless Love.

Just Between You And Me

One of the most talked about things at the Ring Dance was the beautiful chandeliers hanging in the ball room.



The luxurious bathrooms at the Hilton came in very handy when it came time for primping before pictures.

The Class of 1983 planned a very successful Ring Dance. The dance was held at the Hilton and the band was Windfall. Both were excellent choices. The Hilton, as always, was beautiful with its elegant atmosphere, enormous chandeliers, and plush restrooms. Also, the band, Windfall, played just the right kind of music. They played popular music and even some flat-footing music. The main hit was the abundance of slow music, during these songs the dancefloor was always packed. The Ring Ceremony was long, but everyone enjoyed the chance to see their friends' attire and dates. All in all, the evening was festive and every one had a good time.

Juniors have very fond memories of their night at the Lynchburg Hilton.

Proud juniors get together to show off their rings the Monday after the dance.

Take away a juniors new ring and he just might get violent!

National Honor Society

The 1981-82 National Honor Society: Front row: Mike Griffin (Vice-President), Lisa Zmudzinski, Tracy Davis (Secretary), Tracey DeWitt, and Teresa Kastigar; Middle row: Scott Craig, Gay Galyean (Treasurer), Jamie Walker, Cathy Bailey, Ann Johnson, Wanda Little, Chris Anderson (President), and David Kulina; Back row: Eddie Hudson, Tim Foster, and Kenny Spain. Not pictured: Gary Clevinger, Ramsey Jones, Steve Strader, and David Jenkins.

National Honor Society is an organization for high school seniors with a cumulative grade point average of 3.5 or higher. The students had to be involved in at least two activities per year. Juniors were inducted into the club in the spring at an induction ceremony.

Members of the club offered their services to the school and community. They tutored other students who needed help, raised money for their worthwhile projects, and overall were involved in activities that benefited all — teachers and students alike.

The sponsors of the National Honor Society were Mrs. Thompson and Mrs. Hughes.

Boys State

The 1981 Boys' State delegates: Front row: Phillip Riggins, Mike Griffin, Barry Tuggle, and Chris Anderson; Back row: Bryan Simpson, Scott Craig, Scott Wilkerson, and George Nolley. Not pictured: Greg Fairchild and David Parker.

Over the summer from June 14 to June 20, six girls and ten boys were given the chance to increase their knowledge of government, make new friends, and expand their world. Girls' State was held at Longwood College in Farmville where Boys' State was held at Lynchburg College in Lynchburg.

The sixteen delegates attended seminars on how our government works. Many famous speakers such as Marshall Coleman and our governor Chuck Robb explained their views on political issues.

The delegates were divided into states. Each state elected their officials, held conferences and meetings, and carried on all of the business of an American city. A nominating convention was held to elect a candidate for governor, lt. governor, and att. general from each party. The parties were the Nationalists and the Federalists.

Overall the delegates experienced a worthwhile event.

Theatre Arts . . .

Yes its true. Frankenstein was brought to life here at B.H.S. Now wait a minute! Don't run and hide. Not for real but in the form of an excellent play. The Brookville Theatre Arts presented the horrifying story of Dr. Frankenstein and his creature here at the B.H.S. auditorium after many long hours of hard work and practice.

Clockwise from left to right: David Tomlin, Betsey Bell, Majorie Perkins, Johnna Willse. Paul Johnson, Mike McDermott, Jill Cartrett, John Bosta, and Jack Howard.

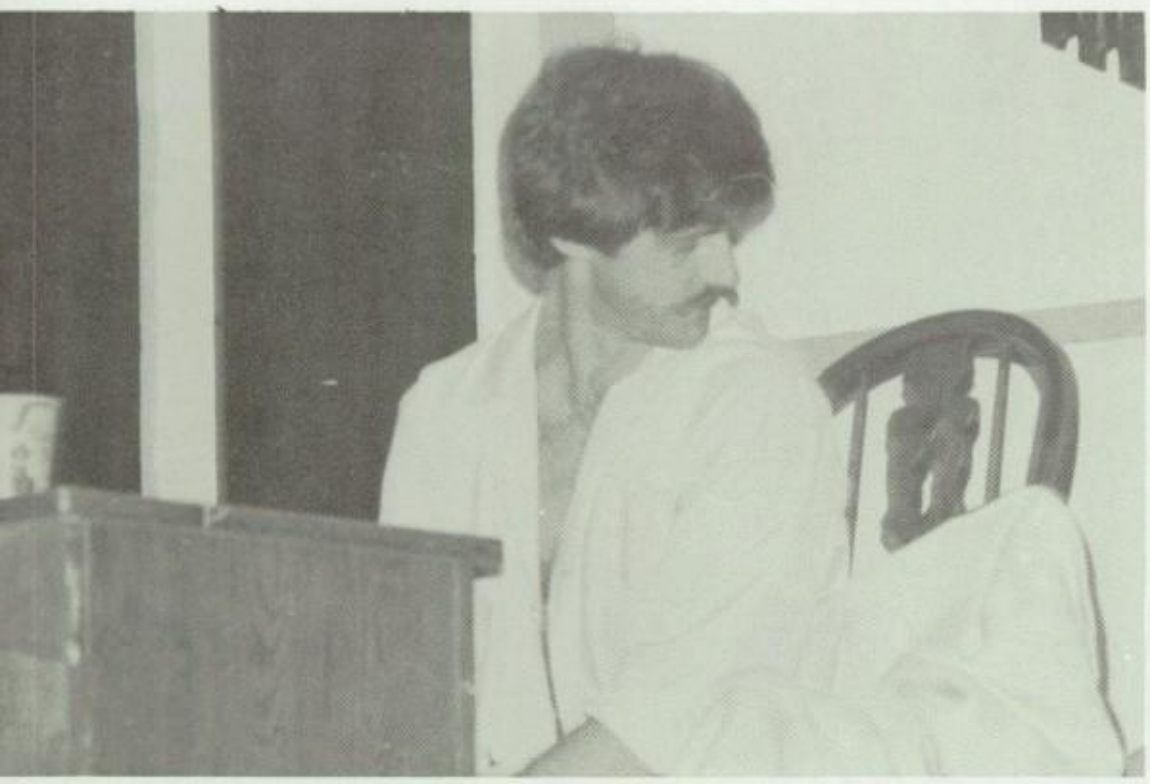
. . . Brings Frankenstein To Life!



nd the man responsible for it all; why its David Tomlin, sponsor of Theatre Arts and Director f Frankenstein.

In researching **Frankenstein** one might ask where fact leaves off and fiction begins. The parallels between the real life experiences of Mary Shelley and the fiction of **Frankenstein** are barely distinguishable. It is known that **Frankenstein** was the result of many factors influencing a young woman's life.

Mary Shelley, her husband Percy, and several of their friends, including the poet Lord Byron, had a contest to see who could write the best story about the supernatural. Mary had difficulty finding a topic for her story until she had a most frightening dream. Her dream combined with many experiences from her own life produced the novel **Frankenstein.**

The early 1800's, when the story was written, was a period of rapid industrial and scientific advancement. Mary Shelley feared the rapid scientific advancement, especially scientific experiments concerning human life. This fear, combined with her concern over her husband's physical and mental health, perhaps influenced her dream and, thus, the novel.

Jill Cartrett as Elizabeth, Mike McDermott as Dr. Frankenstein, and Jackie Howard as Henry.

Foreign Language Week

During the week of December 7-11, Brookville High School was transformed into such exciting and romantic places as France, Italy and Spain, as the Foreign Language Week got under way. Each language contributed different aspects of their culture as the week progressed. Every day brought a variety of tasks to be completed by the foreign language students. Monday was Christmas card day, Tuesday was cookie day, Wednesday was culture day, Thursday was button day and the Foreign Language Banquet, and finally Friday was T-shirt day.

Cookie day was a new concept brought to the traditional Foreign Language Week. On this day a Santa Claus was chosen from each class of each language to distribute cookies to the other language classes. The cookies were native of each country which made for quite a delicious variety.

The culture day was also a new day brought onto the scene. This was a day where each language contrived a skit to put on before all of the other language classes. It proved enjoyable for both the actors and the audience.

The week ended with a fabulous feast of the three countries; lasagna, tacos, and French pastries. Everyone enjoyed the delicacies immensely. The night was topped off with the singing of Christmas carols in three languages. Even though the French had a difficult time singing the Latin and the Latin had a hard time singing the Spanish, everyone enjoyed trying.

Of course all of this would not have been possible if it weren't for the careful planning and preparation of all the foreign language teachers.

No, these aren't camp fire girls, these are the Brookville Majorettes.

A swaying, clapping screaming crowd ... loud cheers and screeches, a spectacular show of light, color and sound! Do you remember? Oh, yes! A concert! Exactly right! But this wasn't Styx or ELO or AD/DC — This was the BHS Marching Bees! Of course, now you remember. The intense excitement, the force of spirit that spread throughout those old maroon, splintery, bleachers, the pent-up frustration as you watched the Bees fumble another pass or the elation as they broke through for yet another TD. But then, the feeling in your stomach as the band started to march, how you felt like playing in that machine yourself, how you felt like jumping up and marching right out onto the Stinger Stadium field, ... and then the drums roll, the horns blare, the band marches, then the dance routines, the colors, those waving streamers. And oh yes, the Homecoming Game, and all those baloons, the flags twirled, like a well choreographed Broadway number. You would watch every flag, every rifle, every baton, and every turn and you would move along with them and make every turn and lunge and pray that it would all click, that it would really go! And it did! Everything went! And as they marched away to the beat of the drummers, you felt uplifted, you felt a surge of spirit for the old Brookville Bees, you felt invincible, and for that organization that made it all happen — you felt appreciation, and respect and most of all — you felt pride!

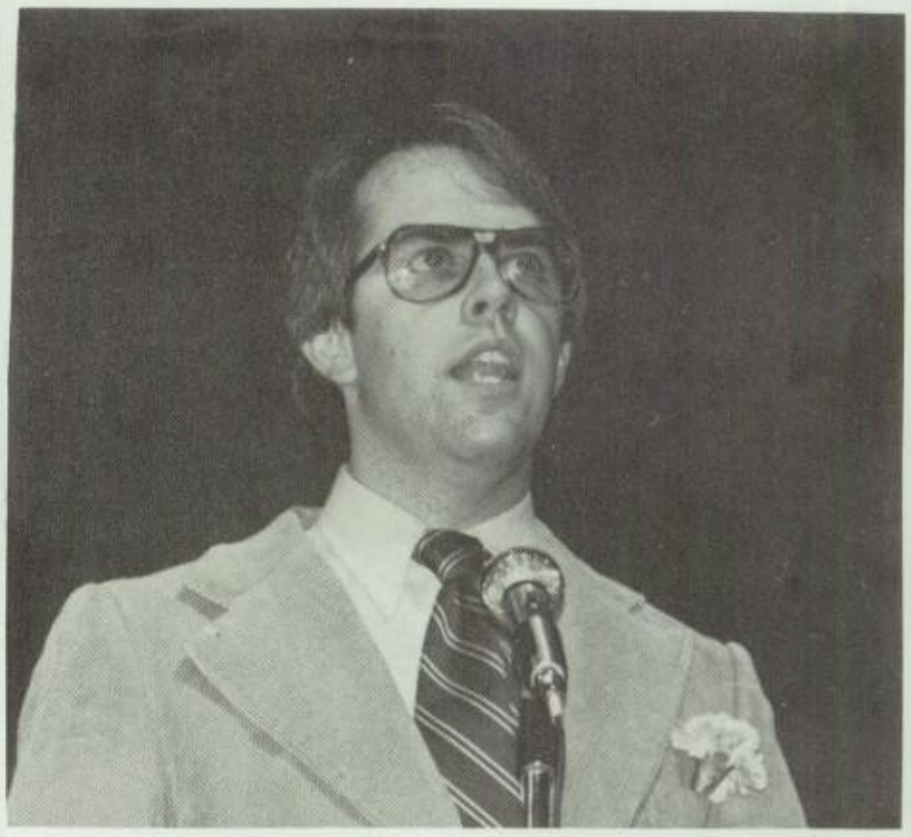
BROOKVILLE HIGH

Hustling, bustling, scurrying, busying. Mr. Spruil and his chorus students were always on the go, whether it was a fund-raising activity like the selling of treasure tins, or performing for several groups of people around Lynchburg.

To most, fund-raising was a chore but the chorus members found it a challenge for they made a contest of it. The competitive spirit ran high between the different sections of the chorus around fund-raising time.

The chorus students put in many productions over the year including a fall production entitled "A Walk Down Memory Lane". There was a Mid-Winter Formal Concert and a Rhythm and Blues Concert show in the spring. The chorus also produced something very unique, A Christmas Renaissance Dinner. The dinner included ten courses with meats, vegetables, cheeses, fruits and deserts. The event, of course, included a lot more than just dinner. It included authentic Elizabethan dances such as the galiarde and the branle.

Another activity that only a few members of the chorus could participate in was the District Sixth All Regionals and the All County Chorus. The Bit of Honey was also invited to sing at the Lynchburg College Chapel.



Mr. Spruill greets his eager audiance.

Sharon sings one from the heart.

Billy Hetzel gets into his sax.

Beeline

In memory of our founding fathers, the Beeline staff has composed our own rendition of a famous American document.

We, the staff of the Brookville High School Beeline, in order to form a more perfect news magazine, did vie to establish a semi-entertaining monthly publication, insure school-wide tranquility and occasional controversy, provide for the students welfare and secure the liberties and privileges of the high school student, do ordain and establish this constitution of the Brookville Beeline.

Article I Legislation

section 1. All supreme overruling bodies, here in granted, shall be questioned by incompetent reporters.

section 2. The S.C.A. shall be ridiculed, put down, and satirized according to our designs.

section 3. The faculty of Brookville shall be composed of many irresponsible, irrational, and illogical beings. Being so, we shall try to liberate them.

section 4. All meetings of S.C.A. and faculty shall properly be ignored for they hold no relevance or pertenance to governmentation of school society.

section 5. The expected rules of procedure shall be dutifully questioned by process of rationalization, then acceptably forgotten as we manipulate our ends by our own methods.

section 6. We hereby grant ourselves the priveleges we deem acceptable and desirable, and grant ourselves the ability to successfully navigate the obstruction of restrictions.

section 7. Every bill which happens to pertain to our best interest shall be passed with eager glee.

section 8. We delegate all powers of supremacy to ourselves.

section 9. We deny ourselves the power of guilt and resentment for composure of a stupid article (of which happens often).

Article II

Treason against the Beehive shall be punishable by death due to decapitation. Either that or the offender shall be looked down upon and abused with mild distaste.

Article III

This constitution shall not be amended or ratified by the lowlife of Brookville, of which we are not a part.

I, Michael E. Hoskins, being of unstable mind and unsure body shall leave a few things for next

year. First I leave a revelation of life that was left to me be Spes Emen. It states: when everyone sees what some can see and we know what we want to, what will have been accomplished? We'll still die anyway. And if we did live, what for? So, uh, just eat your Wheaties and don't lick or eat spoons which aren't plastic. And, too, bloom, see that your dog does not beat up the noodles anymore and be sure your toe never touches the and be sure you listen to me no more ... for ... intelligence is insanity and lies are the only truths, here. Next I leave to Bennet Hodnett the realization that Ozzy Ozborne is the ultimate christian hero, and hope he will start a new British Rock invasion. Finally to Greg Holland I leave my sister. I, Robert Whitmore (or E.B. Gumbee to some), being in a state of non-concern for my physical vehicle and relative appreciation at my instrument of intelligence, do hereby — well, it's like this: I'm not leaving you anything, Brookville. It's not only because I don't care to, but also because I've decided that I can indeed take it all with me — except what I've already given you. Whoever "you" are, I fully anticipate getting it all back, so make it easy on yourself and don't make me call my collection agency. First I want my time I've spent returned: next, I want those few times I laughed; and finally, I want all my insults back. Perhaps I should leave this on a positive note; I leave you words — you guys have got it good; despite all the stupidity you are subjected to by our "leaders". This place called Brookville is one of the easiest jokes to laugh at. Where else are there so many (no, that would be impolite and even antagonistic). This last thing I give you, Brookville; a farewell — Peace be with ye all!

I, Kathie Duncan, being of blind mind and body hereby give Sherry Baldwin another successful year at Child Care; to Mr. Martin, a curse of everyday he was late to government class; to Mark Edward Sprinkle, all the love and support through the years. Thanks BHS for the best four years of my education. Best Wishes to the BEES in the future.

Looks like we made it! After four hard years we've finally reached our high school destination — graduation. Throughout our high school career, we've achieved many goals whether they were athletic or academic. Now we have time to look back on what we've accomplished. We were once bratty little freshmen and now we're mature seniors. And now it's time to make future plans such as college or getting a job! May everyone have great success.

Edgar's Senior Year

Edgar Mott was really excited about achieving the rank of a mighty senior. He wanted to show everyone how smart he was. Edgar decided to take all advanced classes. But after the first day of school when he found out he had to study for 10 hours every night, Edgar dropped all his classes and took basic English, basic Government, and Family Living.

Edgar wanted to be valedictorian but after he got all D's on his report card and had a grade point average of .01, Edgar gave it up.

Edgar's while senior year was going down the drain. Why should the Prom be any different? He decided not even to try to get a date. But, out of the blue, he was asked. Edgar got all ready for the big day. He rented a tux, made reservations at the Crown, and bought the corsage. But on the day of the Prom, Edgar became sick with excitement over his first date and he wasn't able to go.

After graduation, Edgar threw a party. Nobody came through because milk, cookies, and The Best of Lawrence Welk was not their idea of a party.

Overall Edgar Mott had a bad year as usual. But don't worry, Edgar, your luck will continue at college.

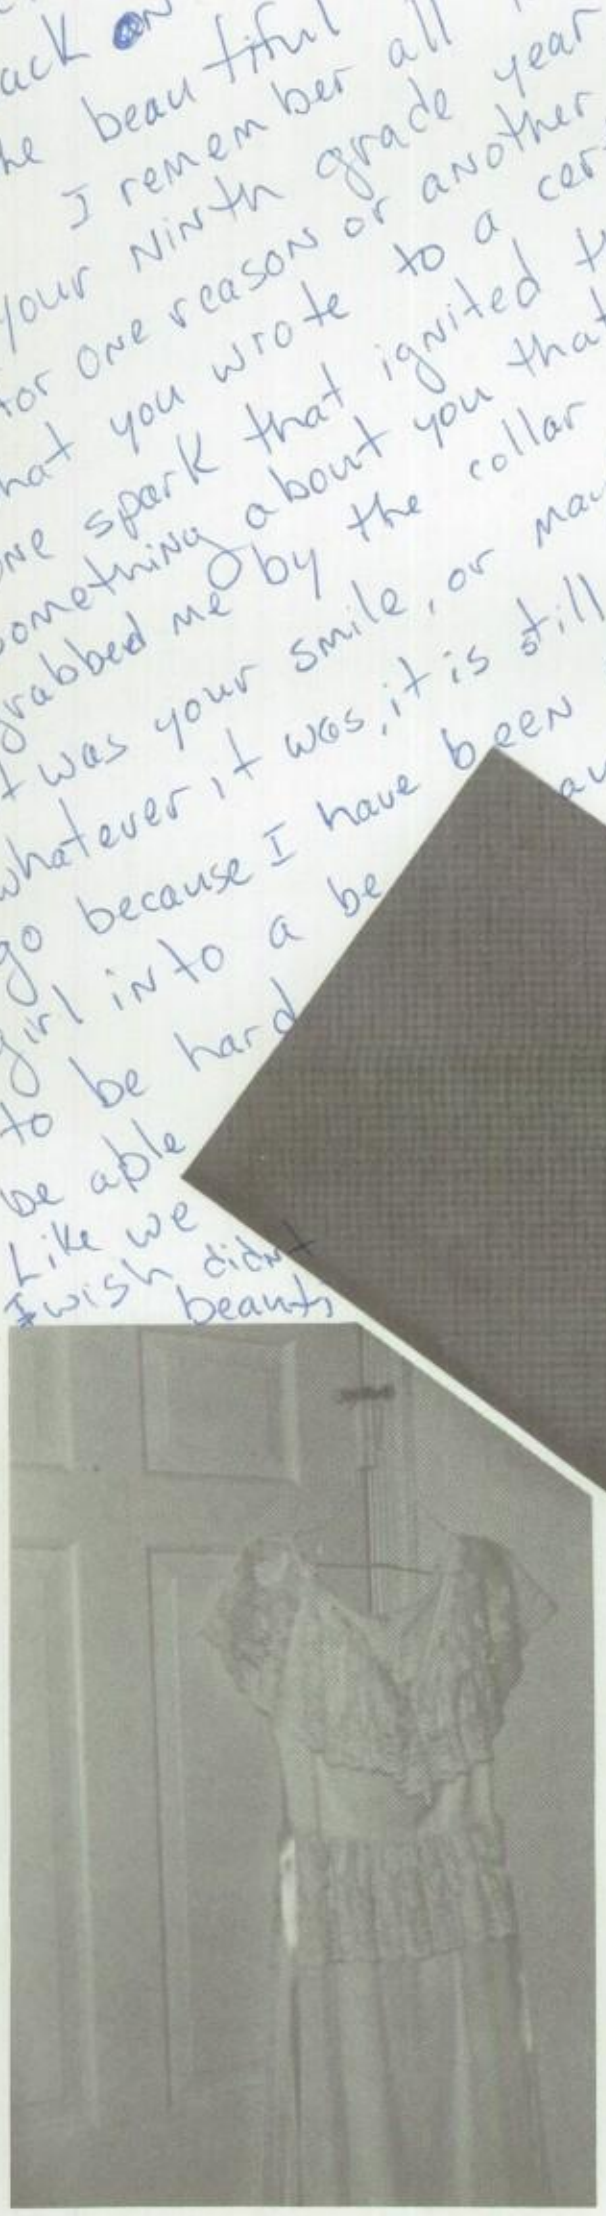
My dearest Chris,

How the time has flown
I can't believe this time has
actually come. I really enjoy reflecting
back on the past two years (almost!) and all
the beautiful times we shared. to the beginning of
I remember all the way back to
your Ninth grade year... Band practice... 8 to 5 - ready 1, 2, 3, 4...
for one reason or another you had a crush on me and I caught wind of a note
that you wrote to a certain Susan Noel... sorry... That one note was possibly the
one spark that ignited this beautiful flame that we share. oops! from the start there was
something about you that I could not ignore. I don't know what it was but it
grabbed me by the collar and said "don't let her go!" and I didn't. Maybe
it was your smile, or maybe the twinkle in your eyes when you look at me; but
whatever it was, it is still there. I am glad I followed my heart and didn't let you
go because I have been lucky enough to see the transformation of a pretty young
girl into a beautiful young woman and I like what I see. It's going
to be hard for me to go away to school this fall. Knowing I won't
be able to see you for quite a while. It does look... unfortunately
Like we are starting to go our seperate ways... something that
I wish didn't have to happen; but happens. It has been
beautiful though, hasn't it.



Remember Homecoming? what a magical
Night. Our first formal Dance. You looked
so beautiful in your blue dress. You know
I still have what's left of my boutenneer. (spt)
I just can't seem to throw it away.
Do you remember the trip to the Peaks with your mom
and Jerry? Boy, was that fun... Boing!
I know I will never forget our second trip to
the peaks. We watched the sunrise after the prom
for some reason that night was very special
to me... you know why!
